

PODSTAR Podium Step

The lightest podium on the market weighing in at only **16KG**. The platform unit detaches to reduce weight even further.

Strong & robust (Maximum static load 175KG).

Fully guarded non-slip work platform that locks securely into place- 600mm x 500mm.

Platform can be set at 500mm, 750mm or 1000mm increments.

Folds flat & easier to transport than "conventional" podium steps.

Hinged safety gate with intermediate rail & steel location hooks.

Fitted with "tilt & slide" wheels.

Erected in seconds.

Easily passes through an open doorway.

Dimensions	Length-mm	Width-mm	Depth-mm
